Now You have must open Blender folder “interface\_theme”  
You have two options:

1. Windows menu --- %appdata% --- Blender Foundation --- Blender --- 2.81 --- scripts --- presets --- interface\_theme
2. PATH: this\_computer --- (C:) --- Users --- **USER\_NAME** --- AppData --- Roaming --- Blender Foundation --- Blender --- 2.81 --- scripts --- presets --- interface\_theme

- 
1. Now open folder 3ds\_MAX\_colors (**the one downloaded with the instruction**)
  2. Inside folder 3ds\_MAX\_colors ther is the file named “my\_colors”
  3. Copy this file and paste to folder “interface\_theme”
  4. Return to the Blender
